SUBJECT: Safety Policy Statement

The Savannah Airport Commission has always placed safety as the top priority in everything we do. Every employee understands they play an important role in helping ensure our airport is as safe and secure as possible day in and day out. This is, has been and will continue to be a critical part of the fabric here at SAV. Our team is prepared to implement our SMS plan as required, but with or without SMS, safety and security will always be priority #1. We will always ensure the training, expertise, focus, and resources are there to support the great safety culture we have enjoyed here over the course of our existence.

A handwritten signature in blue ink, appearing to read "G. Kelly", is written over a faint, larger blue signature.
